America's to  
Europe*

## Electric Tube Rolling Drives

### EHB 16/2.4 SR/LC

Heavy Duty Drivers for Industry.

- \* High-torque output.
- \* Variable load speed with two gear ranges (0-430/0-760).
- \* 110/220 volt 60/50Hz available.
- \* 10 amp motor power Max torque output 19 ft/lbs.
- \* Reversible.
- \* Capable of rolling tubes up to 3/4" OD Copper.
- \* Comes complete with either 1/4" or 3/8" female drive.
- \* One year warranty.
- \* Made in Germany.

### EHB 32/2.2 R/RL

Heavy Duty Drivers for Industry.

- \* Very High-torque output.
- \* Variable load speed with two gear ranges (60-140/200-470).
- \* 110/220 volt 60/50Hz available.
- \* 16.3 amp motor power Max torque output 92 ft/lbs.
- \* Reversible and with intergrated Torque controller.
- \* Capable of rolling tubes up to 2.0" OD.
- \* Comes complete with female drive to your requirement.
- \* Weight 14 lbs.
- \* One year warranty, Made in Germany.

### ETE 32/2.3 R/RL

Heavy Duty Drivers for Industry.

- \* Very High-torque output.
- \* Variable load speed with two gear ranges(30-75/90-230).
- \* 110/220 volt 60/50Hz available.
- \* 16.3 amp motor power Max torque output 174 ft/lbs.
- \* Reversible, Weight 15 lbs
- \* Capable of rolling tubes up to 3.0" OD.
- \* Capable of rolling combination beading rollers up to 2.5"
- \* Comes complete with female drive to your requirement.
- \* One year warranty, Made in Germany.
